

West Hoathly Neighbourhood Plan

PROGRAMME - Workshop 22 June 2013

Welcome - as you arrive - Take a PostIt, please look at the information displayed and write your comments in a few large words.

11.00 Phil Turner.

Planning Aid, what we do.

11.05 John Downe

Where we are. Progress on the Neighbourhood Plan and future steps.

11.15 Phil Turner

Why it is worth proceeding on the Neighbourhood Plan and why identifying a site for housing would give local control of any development.

11.25 Break

Using PostIts, please look at the information displayed and write your comments and suggestions for wording.

11.35 Phil Turner

Introducing the two challenges for today:

1. The sites that have been considered for housing. How might they be designed/arranged/developed?
2. Comparing each of those sites in terms of their impact on the environment.

11.40 Group activity 1.

Housing sites - shape, access, aspect, outlook, open space, trees. How might any homes be placed on the land?

12.20 Group activity 2.

Housing sites. What would the impacts be on the environment?

12.40 Open session. Results of the group working and questions conclusions.

13.00 End
