

WHY NEW HOMES IN WEST HOATHLY PARISH?

- Residents desire:-
 - More opportunities for their offspring to live locally in starter or social housing
 - The possibility of “downsizing” locally in later life
 - The primary school and pre-schools to thrive
 - Services (shops/pubs, tradesmen) to remain viable
- Mid Sussex Housing Register seeks 16+ *affordable* (ie social) homes for people with local connections (30% of new homes should be *affordable*)
- As a community we want to attract funds to invest in infrastructure (eg traffic management) – new homes will help provide this.

Over the Plan period
50 - 60 new homes
meeting local wishes are required
